FELIX ACEVEDO

SUMMARY

Full Stack Web Developer leveraging a Physical Therapy background to build intuitive and responsive web experiences for all users. Relevant skills acquired at the UNCC-Coding Bootcamp, as well as Coursera and Treehouse. Transferable skills acquired through 10+ years of professional work as a Physical Therapist Assistant. Combined with an artistic eye and experience in creating art through Photoshop and with paint and canvas, I develop applications that are equally attractive on the front end and back end.

SKILLS

Relevant: HTML, CSS, JavaScript, Web APIs, Third-Party APIs, Server-Side APIs, Node.js, Object Oriented Programming, Express.js, SQL, NoSQL, Model-View-Controllers, Bootstrap, JQuery, MySQL, MongoDB, Mongoose, Handlebars, Insomnia, GraphQL, Heroku, Visual Studio, Object-Relational Mapping, Progressive Web Applications, and React.

Transferable: Team Collaboration and Contribution, Time Management, Critical Thinking, Communication, Customer Service, Case Management, Divergent Thinking, Perspective, Professional Documentation, Passion for Learning, and Staying up-to-date with Trends and Advancements within the Profession.
